

Gotta Get Back

There were basically fifty-two ways back, becoming ten by the evil minions' hands. Even as the rows of enemies lined up before me, I ran the odds that their columns would fall to my blade. The math wasn't in my favor, but I had something they couldn't even picture.

A dump of the numbered list of sequences can be found online:
<http://ham.io/missing-macguffin/gotta-get-back.txt>
